All Rugs 202

Introduction

default watermark

ICC is an ISO 9001 quality certified company and is recognized by the Government of India with an Export House Company Status. We are a socially responsible Goodweave, Care & Fair,and Sedex-SMETA certified company.

History

ICC was established in 1969 to manufacture hand knotted and hand tufted carpets to distributors and retailers suitable for the international market. In 1990, ICC expanded its product portfolio by building a custom rug manufacturing capability. It further expanded its product range to include handloom carpet manufacturing for making both broadloom carpeting and rugs.

Today

Today ICCâ??s customers include wholesale importers, distributors, retail stores across North America, Europe and Australia. Its installations of its custom rugs line goes across hotels, embassies and palaces across Saudi Arabia, Yemen, Japan, Sri Lanka, Nepal and most countries across Europe and North America

Systems

To facilitate the prompt processing of customer orders, ICC has implemented a customized order processing software which takes care of recording and tracking the customer orders, generation of work orders to the factory and updation of order execution status. Each carpet production and delivery status is updated weekly on the cloud for clear & transparent production monitoring.

Why Us

Cloud-based live production report of each carpet

Guaranteed on time delivery

Fast production time with largest dyed yarn inventory

Small production batches even single piece option

Quality Checked
